GMS Magnet Monthly Newsletter

## International Youth Media Day

International Youth Media Day this year will be taking place in early March. This will be the Global Media Studies Magnet's second year hosting the International Youth Media Day, and will now replace our Cultural Festival. The goal for this year is to make it bigger and better. GMS Staff, students, parents, and alumni are excited to put on this event for the community and hope everyone will join us. Next month we will provide more information about the event such as activities, food, and more. Stay tuned!

## Career Day & Mock Interviews

Career Day and Mock Interviews will be taking place on February 20, 2020. The Juniors in GMS will all be required to participate in the Mock Interviews where they will be interviewed by professionals in different career fields. The Career Day event will take place in the Media Center during 5th period. There will be four guests to share their professional experiences and insights. Students interested to attend should see Mr. Latimer in C-4 or Ms. Bondy in C-6.

# Our Most Recent Guests

This past January our program was fortunate enough to have three very talented and amazing groups visit and speak with our students.

**Mr. Nichan Kulukian came to speak to our 10th grade GMS class on January 28th. He is an expert on the Armenian Genocide which occurred during WWI. Kulukian brought bread for the class because when you share bread, it means you're family.**

**On January 31st, actress, writer, and director Cherrelle E' Lan came to Mr. Gleason's Video Production class along with cast members from her most recent film. Cherelle and cast members gave valuable advice to the young filmmakers after a screening of her film.**

**A delegation of filmmakers from India came to check out the GMS Magnet and see how we incorporate media into the classroom. After the engaging discussion, the group joined our GMS teachers and TIME club students at their fundraiser.**
